A NEW EXPRESSION OF ARGOR-HERAEUS

For generations, Argor-Heraeus minted bars have been recognised worldwide for quality, purity and craftsmanship. The new design strengthens this legacy while preserving the trust investors value.

Inspired by Swiss heritage, the redesign brings together a refined reverse, enhanced certification and updated packaging to create a stronger and more distinctive brand identity.

EXPLORE THE NEW DESIGN

A refined expression of Swiss craftsmanship and precious metals expertise, the new design introduces a distinctive guilloché reverse centred on the Swiss cross and supported by an enhanced certificate and packaging system.

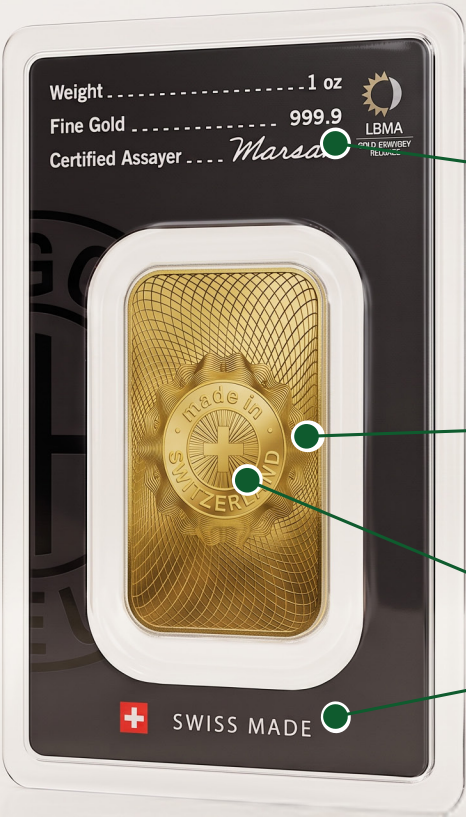

ONE DESIGN ACROSS ALL METALS

The new design creates a unified visual identity across the entire minted range.

Gold, silver, platinum and palladium bars now share the same black certificate presentation and signature reverse design, creating a consistent and recognisable Argor-Heraeus experience.
